

Due to continued success and growth, our UK & Irish office located in Frimley, Surrey is currently looking for an enthusiastic self-starter to come and join the team as an

BATTERY PROJECTS ENGINEER (OFFICE BASED)

DUTIES WILL INCLUDE:

- › Technical involvement for assessing new battery projects / design.
- › To provide technical support to the sales team and to customers.
- › Technical ownership of new projects.
- › Work in our on battery testing lab on site.
- › Full training on Jauch battery products and design rules will be provided from UK and Global HQ.

THE IDEAL CANDIDATE:

- › Needs to be a team player.
- › Is an electronics graduate.
- › Experience of Microsoft Office desirable.
- › Has good communications skills.
- › Is ambitious and takes responsibility.
- › Pays attention to detail.

WE OFFER:

- › Competitive salary and terms for the right applicant.
- › Company Pension, 20 Days holiday + Normal Public Bank Holidays.
- › Normal office hours M-T 08.00-17.00 / F 08.00-15.30.

» IF YOU FEEL YOU HAVE THE RELEVANT SKILLS AND EXPERIENCE - PLEASE APPLY NOW!
